I am so glad I got your voice-mail. OMG, that little cutie pie ❤️

I think that no matter what, you and I should still seriously consider moving forward with a motion to exercise local control and move to mask choice. 🤔 😊

I hope all of our teammates get on board, but I think now is the time. We will have a majority

Also, this will address Audra's main concern and hopefully get her back on the ream.

Now that we are for sure, I will call him again
No he wants to end it. I can't say what he said exactly, but we would be positively influencing others.

He, April and I are friends. He is very like minded.

You would like him

I just received an email from Shelley that Jill and I will Zoom with Dr. Person tomorrow at 0900

I sure will. Inslee said that it's a key factor in deciding his time line. In fact, his ego is a key factor in deciding his time line. 😏

Kari Williams:

He is a great lawyer. I'm glad you agree!

Honestly Semi, I'm so grateful you are on this team-- I so appreciate your ability to analyze situations strategically and keep things moving. Thank you!!!

+1 [Empl] [Empl Prsonl]:

You honor me my sister. I adore you!

Kari Williams:

"When you're dealing with people's children's lives and such, it's your most prized possession in the whole world and you're going to fight and do whatever you think is in your power to make sure they're treated fairly. The frustrating part is whether I agree with the mandates or not it doesn't matter because I'm held accountable as a public official to uphold the law of the state," Oldson said. "I think it's important for the community to understand that it's not the district who made these decisions. It's individual board members that made these decisions... Those individual board members need to be held accountable for their decisions."

The Washington State Office of Superintendent of Public Instruction (OSPI) told KAPP-KVEW they have sent the first notice to the district as part of their emergency rule

I don't mean to be a Debbie-downer, but I am seriously without words. This is just awful.

+1 [Empl] [Empl Prsonl]:

We need to hold her accountable for her words. Where was this?

+1 [Empl] [Empl Prsonl]:

I cannot believe this
And they think that they can lecture us?

Can you confirm that free meals are being given?

Kari Williams:

I have heard Wiley Elementary is delivering meals to their students who need meals, but I have only heard that through the grapevine.

+1 [Empl] [Empl Prsonl]:

Me too

I didn't know that they shut down meals

Kari Williams:

I'll call you right back

+1 [Empl] [Empl Prsonl]:

Just finished a radio interview

Logging on?

Maybe Jill should not tell people to come after us

Now she is the victim

Kari Williams:

You are my strategy partner... thought?

That is silly don't listen to him

+1 [Empl] [Empl Prsonl]:
